

Salute To The MacCrimmon Cairn At Boreraig (PS 20th Century Ceol Mor p16)

Composed by Angus MacPherson.

Comments that this tune was not easy to memorise due to deviations from what might be expected as the ground is developed through the variations.

This might cause a prospective player to postulate these occurrences as mistakes in the book but, consideration of an original score submitted to the BBC as required by the composing contest rules, shows that score and what is printed in '20th Century Ceol Mor' to be identical.

A couple of adjustments to note values appear in the errata sheet on the website at:
